

Questions/Topics for Wednesday, June 21, 2023 Guardian Teleconference

Good Morning Tim,

We look forward to discussing the questions/topics below with you and your team tomorrow.

Topics/Questions for this Wednesday's Guardian Meeting

PFLC Summer Gala

The Summer Gala was a wonderful success. Our thanks to the entire Ludeman staff and PFLC volunteers.

Ludeman Center Updates

- Has Illinois Department of Public Health (IDPH) been back out following its recent annual survey/inspection of the Ludeman Center? Have the two Certificates of Participation (COPs) been cleared?
- Has Ludeman received any new residents in the past month?

COVID Status

- What are the current COVID numbers for staff and residents? Are any homes in isolation?

Construction Update

- What is the latest on the new water mains being connected to the houses? We understand that the concrete floors in the homes need to be cut into in order to complete the water main connection. Is there any serious delay brought on by the possible presence of asbestos in the original concrete floors?

Activity Department/Horticultural Program

- Again many thanks to the Activity Department (Alesia Knight, Holly Barnes & Vincent Wallace) for their tireless help in making the PFLC Summer Gala such a success.
- Following Cornerstone's departure last year, LEVRAS has taken on the continuation of the horticultural program. How is that going? How many residents are currently involved in the program? What hurdles are being experienced? Is there anything PFLC can do to help?

Miscellaneous Questions

- For both their physical and mental health what more can be done to get our residents outside for walks, for recreation and fresh air?

Questions/Topics for Wednesday, June 21, 2023 Guardian Teleconference

Follow-up Questions from last month

- Last month we asked what alternatives could be found when one of Ludeman's wheelchair vans has to be in multiple days/weeks for repair. It was noted that it can necessitate cancelling medical appointments for as many as 5 or 6 residents per day.
 - Has any progress been made in establishing back-up plans such as a loan from another SODC or a rental arrangement from a vehicle rental company?

Final questions from guardians & Closing Comments...

We look forward to talking with you on Wednesday, Tim. Thanks to you and members of the Ludeman staff for taking time with us today.

John Haley & the PFLC board.
